

EDUCATION AND TRAINING DIRECTORATE

Purpose

The Education and Training Directorate (the Directorate) works in partnership with parents and the community to ensure students are supported and engaged to achieve their full potential. The Directorate will work closely with the community to position the ACT as Australia's lifelong learning capital.

Services of the Directorate include the provision of public school education, preschool and early intervention education programs, registration of non government schools, registration for home education, and the planning and coordination of vocational education and training. The Directorate aims to ensure that all young people in the ACT learn, thrive and are equipped with the skills to lead fulfilling, productive and responsible lives.

2011-12 Priorities

Strategic and operational initiatives to be pursued in 2011-12 include:

- raising standards in literacy and numeracy;
- implementing the Australian curriculum;
- closing the learning achievement gap between Aboriginal and Torres Strait Islander students and other students ;
- building excellence in disability education;
- strengthening student support and intervention services;
- supporting schools through innovative technologies;
- promoting and supporting environmental sustainability in ACT schools;
- strengthening early childhood education;
- improving secondary education in public schools;
- increasing student engagement and participation;
- implementing training system enhancement for skills and workforce development;
- implementing Council of Australian Government (COAG) reforms in education, skills and early childhood development;
- building collective capacity through school networks;
- ensuring strong and sustainable leadership;
- introducing greater school autonomy;
- ensuring corporate function meet client needs; and
- constructing new schools and improving the amenity of ACT public schools.

Business and Corporate Strategies

The Directorate will employ the following strategies to achieve its objectives, priorities and efficiency measures, and manage business and financial risks:

- operate as a customer service oriented entity subject to the requirements of government policy and legislation;
- adopt high standard operating practices to safeguard the environment and the health and safety of staff;
- provide a productive and satisfying working environment for staff, and a commitment to high standards of human resource management based on the principles of equal employment opportunity; and
- work collaboratively with stakeholders in the planning and implementation of COAG initiatives including the National Education Agreement, the National Agreement for Skills and Workforce Development, and National Partnership Programs.

Estimated Employment Level

2009-10 Actual Outcome	2010-11 Budget	2010-11 Est. Outcome	2011-12 Budget
4,574 Staffing (FTE)	4,610	4,630 ¹	4,630 ²

Notes:

1. The increase in the 2010-11 estimated outcome from the 2010-11 budget is mainly due to increased enrolments and increased staff associated with National Partnership Programs.
2. The budgeted FTE for 2011-12 is consistent with the 2010-11 estimated outcome as 2011-12 priorities will be managed within existing staff resources.

Strategic Objectives and Indicators

The six strategic objectives have been aligned with the Directorate's Strategic Plan 2010-2013 *Everyone matters* which outlines goals in the areas of:

- learning and teaching;
- school environment;
- student pathways and transitions; and
- leadership and corporate development.

Strategic Objective 1: Learning and Teaching

The Government has the objective of ensuring students succeed through quality teaching that engages them and supports the development of capabilities for life.

Output 1.1: Public Primary School Education	256,792	263,108	205,741	218,899

Note:

1. Total cost includes depreciation and amortisation of \$49.739 million in 2010-11 and \$54.557 million in 2011-12.

As reported in the February 2011 census, the ACT Government operated 84 public schools with a total enrolment of 39,010 students. Of these, 23,105 attended a primary school (59.2 per cent); 9,569 attended at a high school (24.6 per cent); 5,986 students attended a public college (15.3 per cent) and 350 students attended one of the four special schools (0.9 per cent).

Output Description

Public primary school education is available, on average, for eight years with a preschool age of four years and a kindergarten starting age of five years. A balanced preschool/primary school curriculum covering the early and later childhood bands in the ACT curriculum framework allows students to develop the qualities needed for lifelong learning. Students are given every opportunity to develop the knowledge, understanding, capabilities and values essential for participation as active members of their community and society.

Learning opportunities in public primary schools are designed to allow each student to experience success and achieve high quality learning outcomes. Students in ACT public primary schools consistently achieve high academic results against national standards.

Early intervention programs identify and address the physical, emotional, social and educational needs of children between the ages of two to five years who have a disability or a developmental delay.

Output 1.2: Public High School Education	146,291	152,697	128,632	127,531

Output Description

Public high school education covers the years 7 to 10. Each school organises its own curriculum to maximise the opportunities for students to develop the knowledge, understanding, skills and values contained in the ACT curriculum framework.

ACT public high schools offer a broad comprehensive education across all key learning areas. The focus is on providing challenging and engaging learning, building relationships based on mutual trust and respect, and connecting students to the outside world.

Output Classes cont.

School programs develop students' critical thinking, problem solving, interpersonal and teamwork skills that empower students to contribute positively to their community. Schools use a range of strategies to connect students to the world of work. ACT public high schools offer work experience placements and vocational programs in partnership with colleges. Students in ACT public high schools consistently achieve high academic results against national and international standards.

Output 1.3: Public Secondary College Education	97,021	99,561	81,964	82,193

Output Description

Public secondary college education covers years 11 and 12. Public secondary colleges offer courses catering for a broad range of student needs and interests. Courses are accredited with the ACT Board of Senior Secondary Studies (BSSS) to ensure they are educationally sound for senior secondary students and that courses leading to tertiary entrance qualifications have sufficiently rigour and meet the requirements of tertiary institutions throughout Australia. Courses include:

- A courses — courses accredited as educationally sound and appropriate for students in years 11 and 12;
- T courses — accredited courses leading to higher education;
- M courses — accredited courses providing appropriate educational experiences for students who satisfy specific disability criteria;
- R courses — acknowledging community service and extra-curricular activity;
- H courses — accredited by an Australian university as contributing towards an undergraduate degree and recognised by the BSSS; and
- vocational programs — culminating in a vocational certificate or statement of attainment.

Output 1.4: Disability Education in Public Schools	54,551	60,720	46,750	53,137

Output Description

A range of programs are available in ACT public schools for students with a disability. These include access to four special needs schools, specific classes or units in mainstream schools, or participation in mainstream classes with the support required to access and participate in the educational programs offered by the school.

Output Classes cont.

The Student Centred Appraisal of Need (SCAN) process identifies the level of additional resourcing required by the student in the particular school setting. Parents and schools work together in developing and reviewing each student's Individual Learning Plan (ILP), which identifies educational goals. Student progress against learning plans is reviewed annually or more frequently as required.

The focus is on literacy and numeracy, health, self-management and interpersonal skills appropriate to the assessed needs of students with disabilities, to enable them to realise their individual potential.

Note:

1. Total cost includes depreciation and amortisation of \$0.000 million in 2010-11 and \$0.067 million in 2011-12.

Output Description

The Directorate contributes to the maintenance of standards in non government schools and home education through compliance, registration and the accreditation and certification of senior secondary courses through the BSSS. The Directorate also undertakes the administration and payment of Commonwealth and ACT Government grants.

The Directorate has a Memorandum of Understanding with the non government education sector, detailing protocols related to the single collection of student records for the *National Assessment Program - Literacy and Numeracy* and the annual February school census.

In addition to the expenses provided by the Directorate in Output Class 2, both the ACT and Commonwealth Governments provide funding to non government schools through the Territorial appropriation.

Output Description

The Directorate is responsible and accountable for the provision of strategic advice and management of Vocational Education and Training (VET) and higher education in the ACT. This includes monitoring and auditing the provision of publicly funded vocational education and monitoring non self-accrediting higher education providers.

The Directorate administers Territorial and national funds for a variety of programs addressing skills development for entry level and existing workers, as well as adult and community education.

All aspects of apprenticeship training are managed by the Directorate through user choice arrangements as well as support provided for equity groups through the purchase of targeted training programs.

ACT VET policy and funding priorities are developed in consultation with industry and community groups to reflect industry trends and to meet the future training requirements of the ACT.

Notes to the Budget Statements

Significant variations are as follows:

Operating Statement

- government payment for outputs:
 - the increase of \$1 million in the 2010-11 estimated outcome from the original budget is mainly due to additional Commonwealth Government Grants (\$2.371 million) and Clerical Enterprise Bargaining Agreement (\$0.782 million), partially offset by the impact of rollovers (\$2.153 million) mainly associated with Commonwealth National Partnership Programs and professional development funds; and

- the increase of \$22.775 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to indexation (\$13.213 million), new and previous years' initiatives (\$9.761 million), Commonwealth Government Grants (\$8.475 million), the impact of rollovers (\$3.979 million) and increases in enrolment numbers (\$0.719 million), partially offset by the one-off cash receipt of the Digital Education Revolution funding in 2010-11 (\$7.667 million), the savings initiative (\$2.710 million), reduced interest associated with the Building the Education Revolution and Digital Education Revolution (\$1.687 million), and Clerical Enterprise Bargaining Agreement (\$0.919 million).
- user charges - non ACT Government: the increase of \$0.716 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to the indexation of fees and charges.
- interest: the decrease of \$0.186 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to reduced interest generated from Commonwealth Government funds for *Building the Education Revolution*.
- other revenue: the decrease of \$0.920 million from the original budget and in the 2011-12 Budget is mainly due to the transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate.
- employee expenses:
 - the increase of \$0.608 million in the 2010-11 estimated outcome from the original budget is mainly due to costs relating to Commonwealth Government Grants (\$0.916 million) and the impact of rollovers (\$0.302 million), partially offset by the transfer of non-teaching staff at Birrigai to the Territory and Municipal Services Directorate (\$0.345 million) and reduced costs associated with the Clerical Enterprise Bargaining Agreement (\$0.265 million); and
 - the increase of \$23.684 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to revised wage parameters (\$11.887 million), special needs student support (\$5 million), Commonwealth Government Grants (\$4.547 million), and re-alignment of costs with the audited outcome and expenditure reclassification (\$2.358 million).
- superannuation expenses:
 - the increase of \$1.935 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to new and continuing initiatives (\$0.695 million), increased Commonwealth Government Grants (\$0.495 million) and revised wage parameters (\$0.747 million).
- supplies and services:
 - the decrease of \$0.336 million in the 2010-11 estimated outcome from the original budget is mainly due to the impact of rollovers (\$1.176 million) partially offset by increased Commonwealth Government Grants (\$0.940 million); and
 - the increase of \$4.168 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to increased Commonwealth Government Grants (\$3.143 million), the impact of rollovers (\$1.310 million), indexation (\$1.019 million) and new and continuing initiatives (\$0.350 million), partially offset by the savings initiative (\$0.903 million) and the one-off impact of the Digital Education Revolution program provided in 2010-11 (\$0.880 million).

- depreciation and amortisation:
 - the decrease of \$0.683 million in the 2010-11 estimated outcome from the original budget is mainly due to capital works rollovers; and
 - the increase of \$4.883 million in the 2011-12 Budget from the 2010-11 estimated outcome is due to capital additions.
- grants and purchased services:
 - the decrease of \$0.902 million in the 2010-11 estimated outcome from the original budget is due to the rollover of the Productivity Places Program to 2011-12 (\$1.3 million) partially offset by increased Commonwealth Government Grants (\$0.411 million); and
 - the increase of \$2.488 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to Commonwealth Government Grants costs (\$1.509 million), the impact of rollovers (\$1.289 million) mainly associated with the Productivity Places Program (\$1.3 million), new and continuing initiatives (\$1.083 million) and indexation (\$0.587 million), partially offset by re-alignment of costs in line with the audited outcome (\$2 million).
- other expenses:
 - the increase in the 2010-11 estimated outcome from the original budget of \$12.372 million is mainly due to the transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate; and
 - the decrease of \$11.501 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to the 2010-11 transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate (\$12.927 million) partially offset by indexation (\$1.685 million).

Balance Sheet

- current assets:
 - the increase of \$3.430 million in the 2010-11 estimated outcome from the original budget is mainly due to the flow-on impact of the 2009-10 audited outcome primarily relating to increased receivables for goods and services tax and higher than expected cash due to the timing of expenditure associated with Commonwealth own purpose expenditure; and
 - the decrease of \$2.436 million in the 2011-12 Budget from the estimated outcome is mainly due one-off reprofiling of Commonwealth Government funding for the *Digital Education Revolution* in 2011-12.
- non current assets:
 - the increase of \$240.939 million in the 2010-11 estimated outcome from the original budget is mainly due to the revaluation of the Directorate's assets in 2010-11, partially offset by the transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate; and
 - the increase of \$58.589 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to the capital works program and the purchase of plant and equipment (\$113.367 million), partially offset by depreciation (\$54.631 million).

- total liabilities:
 - the increase of \$0.906 million in the 2010-11 estimated outcome from the original budget is mainly due to increased payables due to the flow on impact of the 2009-10 audited outcome associated with capital works; and
 - the increase of \$4.910 million in the 2011-12 Budget from the 2010-11 estimated outcome is due to the impact of increased employee entitlements associated with revised wage parameters.

Cash Flow Statement

Variances in the statement are explained in the notes above.

Statement of Changes in Equity

- capital injections:
 - the increase of \$16.273 million in the 2010-11 estimated outcome from the original budget is mainly due to rollovers and cash re-profiling of projects (\$13.660 million) and Commonwealth Government Grants (\$2.613 million); and
 - the decrease of \$97.403 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to a decrease in Commonwealth Government funding associated with the *Building the Education Revolution* (\$67.617 million) and a reduction in funding for new capital works (\$29.856 million).

Notes to the Budget Statements

Significant variations are as follows:

Statement of Income and Expenses on Behalf of the Territory

- payment for expenses on behalf of the Territory and grants and purchased services:
 - the increase of \$1.839 million in the 2010-11 estimated outcome from the original budget is due to the rollover of interest subsidy scheme funding from 2009-10 (\$1.058 million) and increased Commonwealth Government Grants for non government schools (\$0.781 million); and
 - the decrease of \$24.857 million in the 2011-12 Budget from the 2010-11 estimated outcome is due to reduced non government schools funding from the Commonwealth Government (\$27.323 million) mainly due to the Building the Education Revolution, partially offset by additional non government schools funding from the ACT Government (\$2.466 million).

Notes to the Output Class Statements

Significant variations are as follows:

Public School Education Total Expenses

- the increase of \$11.243 million in the 2010-11 estimated outcome from the original budget is mainly due to the transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate; and
- the increase of \$21.431 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to indexation (\$12.441 million), new and continuing initiatives (\$9.603 million), the flow on impact associated with re-alignment of costs between line items and transfer between outputs (\$4.880 million), increased depreciation (\$4.818 million), Commonwealth Government funding (\$3.997 million), partially offset by the transfer of Birrigai at Tidbinbilla infrastructure to the Territory and Municipal Services Directorate (\$12.932 million) and efficiency dividend savings (\$3.162 million).

Non Government Education Total Expenses

- the increase of \$0.673 million in the 2010-11 estimated outcome from the original budget is mainly due to increased Commonwealth Government grants associated with National Partnerships; and
- the increase of \$1.468 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to increased Commonwealth Government Grants associated with National Partnerships.

Vocational Education and Training Total Expenses

- the decrease of \$0.814 million in the 2010-11 estimated outcome from the original budget is mainly due to the rollover of Productivity Places Program (\$1.300 million) partially offset by increased Commonwealth Government grants associated with National Partnerships (\$0.510 million); and
- the increase of \$2.758 million in the 2011-12 Budget from the 2010-11 estimated outcome is mainly due to increased Commonwealth Government Grants (\$1.735 million) primarily associated with the Productivity Places Program, indexation and new initiatives (\$1.446 million) and the net impact of the rollovers (\$1.425 million), partially offset by the re-alignment of costs with the audited outcome (\$2 million).
